

CERTIFICATE OF CONFORMITY, QUALITY & COMPLIANCE

Ruth Lee Ltd has a 30 year history supplying emergency response organisations, industry and the military across the world.

Our manikins are designed for search and rescue activities and all training manikins are manufactured to the highest quality standards and conform to our internal BS EN ISO 9001:2008 system requirements.

Every Ruth Lee training manikin is weighed and inspected before leaving the factory; a rigorous quality-checking program is conducted daily.

All our training manikins are non toxic; contain no wood, sharp or hazardous materials. All products are manufactured at our factory in Corwen, North Wales UK.

Lawrence Lee - Director

Produced 10.01.18
